Answer key: Hawaii practice test 6

From the Official Hawaii Driver's Manual. Free at permitpracticetestdmv.com/hawaii/

1. B: Form SR-21 evidence of insurance

Report the crash to police and your insurer and file evidence of insurance (Form SR-21). (Motor Vehicle Safety Responsibility Law, page 53)

2. B: Three years

You must file and maintain proof of financial responsibility for three years from the conviction date. (Motor Vehicle Safety Responsibility Law, page 53)

3. A: \$20,000 per person / \$40,000 per accident

Hawaii requires liability of \$20,000 per person with a \$40,000 aggregate per accident for bodily injury, and \$10,000 property damage. (Motor Vehicle Insurance Law, page 54)

4. C: \$10,000

Minimum property damage coverage is \$10,000 per accident; damage to your own car isn't covered without extra insurance. (Motor Vehicle Insurance Law, page 54)

5. A: \$10,000

Hawaii's basic no-fault benefits pay up to \$10,000 per person for medical and rehabilitation costs. (Motor Vehicle Insurance Law, page 54)

6. B: When medical bills exceed \$5,000, or there is permanent loss of a body function or serious disfigurement, or death

You can sue for property damage at any time, but for bodily injury only if medical bills exceed \$5,000, there's permanent loss or serious disfigurement, or death. (Motor Vehicle Insurance Law, page 54)

7. C: \$5,000

Each violation can bring a fine not to exceed \$5,000 or 30 days imprisonment, license suspension, or registration forfeiture, or a combination. (Motor Vehicle Insurance Law, page 54)

8. B: About 40%

Alcohol is a factor in over 18,000 (about 40%) of fatal crashes each year in the U.S. (Alcohol and Other Drugs: The Problem, page 55)

9. C: Depressant

Alcohol is a depressant, not a stimulant; it slows reflexes, interferes with judgment and impairs vision. (Alcohol, page 55)

10. A: No; they may wake you up but only time removes alcohol

Once alcohol is in your blood nothing lessens the effect; coffee, food or a shower might wake you but won't sober you. It takes time. (Alcohol, page 55)

11. A: Your license is taken and you get a 30-day temporary driving permit

Your license is taken and you're given a 30-day temporary permit; you may request a hearing. (The Law: Administrative License Revocation, page 55)

12. D: .02 or more

Drivers under 21 are prohibited from driving with a blood alcohol level of .02 or more. (Zero Tolerance, page 56)

13. B: One, two or four years depending on prior alcohol enforcement contacts

Refusal may result in revocation for one, two or four years depending on prior alcohol enforcement contacts. (Alcohol and Other Drugs: The Law, page 56)

14. B: Impaired

BAC over .05 but under .08 may be considered impaired; .08 or more is under the influence. (Alcohol and Other Drugs: The Law, page 56)

15. A: No, storing an open container in the area occupied by the driver or passengers is prohibited

Storing an opened alcoholic beverage container in the area normally occupied by the driver or passengers is prohibited on public roads. (Alcohol and Other Drugs: The Law, page 56)

16. B: There's no way to be certain of their strength or purity

Drugs sold illegally are dangerous because you can never know how strong or how pure they are. (Other Drugs, page 56)

17. C: Impatience

Bad habits are caused by laziness, impatience, inattention, arrogance and ignorance. (Driving Habits, page 57)

18. A: Come to a complete stop

You must always come to a complete stop at a stop sign or red light, even when making a right turn. (Driving Habits: Impatience, page 57)

19. C: Do not drive with headsets or earphones that cover or go in both ears

Do not drive with headsets or earphones in both ears; you need to hear horns and sirens. (Distracted Driving, page 59)

20. C: In a carrier

A pet in the driver's lap is a distraction; the manual says a pet carrier is the safest place for it. (Distracted Driving, page 59)

21. B: Pull over to a safe place until you're finished

Even hands-free calls take attention from driving; pull over to a safe place until you finish the call. (Distracted Driving, page 59)

22. A: Recognize possible hazards and adjust your driving to avoid them before a crash develops

Defensive driving means identifying dangerous situations and acting before a crash develops; always leave yourself a way out. (Defensive Driving, page 59)

23. A: Danger; have it checked immediately

A yellow light remaining lit is a warning; a red light indicates danger and should be checked immediately. (Post-Starting, page 60)

24. B: The brake system is defective and the vehicle should not be driven

If the brake warning light comes on when you press the brake pedal, the brake system has a fault; don't drive the vehicle until it is fixed. (Pre-Starting / Post-Starting, page 61)

25. C: Five times

Being thrown out of the vehicle makes a crash five times more likely to kill you, which is one reason to wear a belt. (Safety Belts, page 61)
