1. C: Only time

Coffee, exercise, food, aspirin or deep breathing can't lower your BAC; only time sobers you up. (How Drinking Affects You, page 129)

2. A: Two to four

Reaction time, coordination and balance start to suffer after two to four drinks. (How Drinking Affects You, page 129)

3. B: In the trunk, or behind the last upright seat if there's no trunk

Any opened alcohol container must ride in the trunk; a vehicle with no trunk must carry it behind the rearmost upright seat. (Open Container Law, page 130)

4. B: 90 days (first 30 days with no driving at all)

A first failure brings a 90-day suspension with absolutely no driving for the first 30 days, then one year of ignition interlock. (Administrative License Suspension, page 126)

5. D: 30 days after the date of service

The notice of suspension becomes effective thirty days after the date of service. (Administrative License Suspension, page 126)
