- D. Drive through carefully without stopping

16. At a steady red light, where must you stop if there is no stop line or crosswalk?

- A. Next to the signal pole
- B. Anywhere you can see cross traffic
- C. In the middle of the intersection
- D. Before entering the intersection

17. In Nevada, may you turn right at a steady red light?

- A. Yes, after a complete stop, unless a sign prohibits it, yielding to pedestrians and traffic
- B. Yes, without stopping if the way is clear
- C. Only between 10 p.m. and 6 a.m.
- D. Never

18. A steady yellow light means:

- A. Pedestrians have finished crossing
- B. Speed up to clear the intersection before it turns red
- C. The light is about to turn red; stop if you have not entered the intersection
- D. Stop and wait for a green arrow

19. What does a flashing red traffic light mean?

- A. Proceed with caution without stopping
- B. The same as a stop sign: come to a full stop and go when it is safe
- C. The signal is broken; drive through
- D. Yield to traffic on the left only

20. What does a flashing yellow light mean?

- A. Stop and wait
- B. Proceed with caution
- C. The light will soon turn green
- D. Turn only

21. What should you do when facing a flashing yellow left-turn arrow?

- A. Do not turn
- B. Turn immediately; oncoming traffic must stop
- C. Yield to oncoming traffic and pedestrians, then turn when safe
- D. Stop and wait for a green arrow

22. A steady red arrow means:

- A. Turn with caution
- B. Only buses may turn
- C. You may make the turn shown after stopping
- D. You may not make the movement shown by the arrow

23. What does a green arrow mean?

- A. You must turn in that direction
- B. You may go straight or turn
- C. Oncoming traffic also has a green light
- D. You may go in the direction of the arrow; the turn is protected, but yield to pedestrians, bicycles and traffic already in the intersection

24. When is a left turn on a red light allowed in Nevada?

- A. Never
- B. From a one-way street onto a one-way street with traffic moving to the left, after a complete stop
- C. From any street onto a one-way street
- D. From a two-way street onto a two-way street when clear

25. A steady yellow arrow means:

- A. You may turn if no traffic is coming
- B. The signal is changing to red; clear the intersection
- C. Yield to oncoming traffic, then turn
- D. A protected turn is beginning

Answer key: Nevada practice test 2

From the Nevada Driver's Handbook (Official Driver Handbook, DMV 700). Free at permitpracticetestdmv.com/nevada/

1. D: A warning of special conditions or hazards ahead

Diamond-shaped signs are warning signs telling you about special conditions or hazards ahead. (Signs, page 28)

2. C: Shield

Route signs and markers are usually shaped like a shield and show U.S., Interstate and state route numbers. (Signs, page 29)

3. A: No, do not, or stop

Red is used for no, do not, or stop messages. (Signs, page 28)

4. B: Road construction or repair

Orange indicates road construction or repair. (Signs, page 28)

5. B: Direction or guidance

Green is the standard color for direction or guidance. (Signs, page 28)

6. D: Driver services such as food and lodging

Blue signs point out driver services such as food and lodging. (Signs, page 28)

7. B: Recreation and scenic areas

Brown is used for recreation and scenic area information. (Signs, page 28)

8. D: Regulatory, law or rule

White is the color used for regulatory signs that state a law or rule. (Signs, page 28)

9. B: General warnings

Yellow or yellow-green indicates a general warning. (Signs, page 28)

10. B: Yellow diamonds with black letters and symbols

Warning signs are yellow and diamond-shaped with black letters and symbols. (Signs, page 29)

11. D: It is advisory and shows a slower, safer speed

Orange speed limit signs are advisory and indicate slower, safer speeds through the work zone. (Highway Work Zones, page 60)

12. B: Alert you and guide you safely through work areas

Cones, drums and barricades alert drivers and guide them safely through work areas; at night they may have warning lights. (Signs, page 30)

13. B: They double

Fines for speeding double in work zones. (Highway Work Zones, page 60)

14. A: You may drive in that lane at the posted speed limit

A down green arrow with OPEN means drivers may drive the posted speed limit in the lane below it. (Active Traffic Management Signs, page 37)

15. A: Come to a full stop before proceeding, then yield and go with caution

When traffic control lights are not working, come to a full stop, yield to pedestrians and vehicles already stopped or in the intersection, then proceed with caution. (Signals, page 30)

16. D: Before entering the intersection

Stop behind the crosswalk or stop line; if there is none, stop before entering the intersection. (Signals, page 30)

17. A: Yes, after a complete stop, unless a sign prohibits it, yielding to pedestrians and traffic

Where not prohibited by signs, you may turn right on red after coming to a complete stop and when traffic and pedestrians are clear. (Signals, page 30)

18. C: The light is about to turn red; stop if you have not entered the intersection

A steady yellow warns that the light is turning red. Stop if you have not entered the intersection; if you are already in it, continue and clear it safely. (Signals, page 30)

19. B: The same as a stop sign: come to a full stop and go when it is safe

A flashing red light has the same meaning as a stop sign. (Signals, page 30)

20. B: Proceed with caution

A flashing yellow light means drivers may proceed with caution. (Signals, page 30)

21. C: Yield to oncoming traffic and pedestrians, then turn when safe

A flashing yellow arrow means you must yield to oncoming traffic and pedestrians and may turn when it is safe. (Signals, page 30)

22. D: You may not make the movement shown by the arrow

A red arrow means you cannot make the movement shown by the arrow. (Signals, page 30)

23. D: You may go in the direction of the arrow; the turn is protected, but yield to pedestrians, bicycles and traffic already in the intersection

A green arrow lets you go in the arrow's direction as a protected turn, but you must still yield to pedestrians, bicycles and traffic already in the intersection. (Signals, page 30)

24. B: From a one-way street onto a one-way street with traffic moving to the left, after a complete stop

A left turn on red is allowed only from a one-way street onto another one-way street with traffic moving left, after signaling, stopping and yielding. (Signals, page 30)

25. B: The signal is changing to red; clear the intersection

A yellow arrow warns that the signal is about to change to red and that drivers should clear the intersection. (Signals, page 30)
